

WASTE WISE

Christmas

TIPS TO REDUCE WASTE THIS CHRISTMAS

Experience new ideas

Reduce the amount of new purchases and gift your loved ones a ticket to the theatre, an experience or a voucher to a service.

Shop to a list

Audit your pantry and fridge before making a list of what you need. Shopping to a list will avoid extra purchases that don't get used.

Secondhand season

Consider buying secondhand this Christmas. Local charity shops and online markets have many pre-loved goods available with something for everyone.

Wrap it up

Use a teatowel, a tablecloth or a scarf as the wrapping of your gift so it can be re-used and not sent to landfill.
